

Creative - Movie Making

'Teaching & Learning using technology'

Target Audience Introduction ✓ Intermediate ✓ Developing ✓ Advanced ✓

All Staff ✓ LSA's ✓ (Pupils✓) KS1 ✓ KS2 ✓ KS3 × KS4 ×

This course is appropriate and adaptable to school based training with students and staff.

Description

Teaching and learning through the use of ICT using media and '**Free**' technologies. Develop speaking and listening in a digital age with lots of Southend-on-Sea media to use. Teachers will be able to use a media mixture (sound, video and images) to create adverts and news reports.

Aims to :-

- Learn how easy IT can be used to create a movie using PhotoStory or iMovieMaker.
- Enable students can create at home with their technology.
- Research; save and edit movie content.
- Be a reporter or be an editor. Look at video composition, editing and video design.
- Share the results '**Free**' using RadioWaves.

Approach

A workshop for both teachers and learners this is a workshop that develops the use of **sound**, **video** and **images** to create movies. The results can be expressed on the schools Learning Platform, VLE or other sharing networks.
