This course is appropriate and adaptable to school based training with students and staff.

Description

LSA's, TA's and support staff play a vital role in supporting learning. The workshop covers a variety of software that is popular in school including Word, Powerpoint and SMARTNotebook along with some 'freely' available software to enhance creativity.

Aims to:-

- Develop the use of many commonly used applications.
- Identify how software can support Teaching & Learning.
- Explore hints, tips and imaginative uses.
- Access to 'free' resources & support.
- View appropriate internet content to support learning
- Consider and develop the role of Support staff using ICT in the classroom.

Approach

'Hands-on' & informative; a workshop to explore the uses of ICT to support teachers & learners. Staff will be encouraged to explore the uses of software relative to their role in school.
